## "A great help to please my clients"

*As an interior designer in Spain, I find in Cover Styl' an elegant, fast, genuine and economic way to renovate or highlight interiors, offices, wall or furnitures*

*Their wide pattern selection is a great help to please most of my clients!*

**GIUSEPPE DADDATO**

## "Fast, Economic and Ecologic"

*Myname is Daddato Giuseppe. I have several business Hotels in Luxembourg. And this for several years now. We all now the times comes where a change is needed in order to adapt with time. Why I decided for the product Cover Styl'? There are actually several reasons: Fast, Economic and Ecologic. And most important, I did not have to close the activity of my business! We have many business clients during the week and they truly need their sleep so the cherry on top was the clean, non-disturbing installation period! With a traditional renovation this would had been clearly impossible to meet all my expectations! The result clearly speaks for itself and I am more than pleased with my decision, if deciding for Cover Styl'.*

ARCHITECT

## "Simplify the construction work environment"

*195 rooms seemed to be obsolete and Cover Styl' allowed us to put them on the same level without changing all the furniture. They were able to provide a similar wood color and uniformity of red that we needed.*

*This choice allowed us to avoid the demolition of existing furniture and to simplify the construction of the work environment in a very short time. The flexibility, speed and cost of Cover Styl' have made it possible to renovate the elements without replacing them.*

*For this reason, we have also been able to renovate some furniture and elevators that were not originally included in the project.*

**JEAN-BAPTISTE BOURCIER**  
TECHNICAL AND SAFETY DIRECTOR

## "There is no limit"

*I have discovered this product that I didn't know: Cover Styl'! We all have « a priori », me first, regarding this kind of renovation. Nevertheless I was able to discover a solution which solved many of my issues. Following the 200 rooms renovation of our hotel Radisson Blu, I appreciated the following advantages: a price 2 to 5 times less expensive than a classic renovation, saving time thanks to speed of application and easy to place, which is not always obvious with other trades. Finally the textures and the range color let me think that there is no limit. Cover Styl' honors our tagline which is 'Yes I can'. It sums up the reactivity of your sales representative, teams and the level of finition worthy of our 4 stars hotel.*

## "Amazing by the quality of the result"

*During the partial renovation of our Novotel in Roissy, France, we decided to use Cover Styl' to redo our Lounge and Spa. I must say that I've been pleasantly surprised by the reactivity and the advices provided by the Cover Styl' team. The solution/product itself is amazing by the quality of the result. The big potential of this covering product is astounding, especially since the installation support were not simple flat surfaces. Beyond the very nice finishes submit by Cover Styl', the architect select some specifics RAL, that has been customized for this refurbishment. This advantage saved us a lot of time and this is a true asset for Cover Styl'. That's why I strongly recommend using Cover Styl' for the hotels, especially with his incontestable price/performance ratio. I'm convinced that the word of mouth will make Cover Styl' the best refurbishment solution in the future.*
